

# Boost4Health Masterclass | 10-11 October 2018, Manchester

**Boost4Health invites you to the project's first coaching Masterclass, taking place in Manchester on 10-11 October.**

Join other businesses from North West Europe for a programme which will include a day of coaching on how the English NHS (National Health Service) works and how to access opportunities in the NHS. You will be able to , network with UK service providers who can help you develop your products and get export ready.

Participants can apply for Boost4Health Travel Grants to help with travel and accommodation costs and any potential B2B collaborations may be eligible for Boost4Health market insight or product validation grants.
